

REPUBLICANS DEFEATED THE 'RING'

Charles Stevens Says 1100 Republicans Went Into Last City Primaries.

"I am one of the 1100 Republicans that went into the Democratic primaries last year for Tom Lea. We had a ring to help down it. I will not go into the primaries this year."

This was the declaration of C. R. Stevens at the get-together meeting of the national Republican club of El Paso county, held in the county court room Tuesday night.

Not a Candidate.

"I noticed in The Herald a few nights ago a statement that I had been nominated as a candidate for county commissioner," Mr. Stevens continued. "I desire to state that I am not a candidate for any position."

In the building up of an organization you must have cooperation. Don't say that the Stevens or the Smiths or any one set of men should be excluded. I am not going to be driven out, and propose to do everything in my power to advance the interests of the party in the county."

To Organize.

The purpose of the meeting was to devise ways and means to finance an organization and near the close of the meeting the chairman was authorized to appoint a committee of three to five to solicit subscriptions and members. In the absence of P. A. Hazzard, chairman, H. R. Gamble presided.

Deliver El Paso.

Fred Knollenberg urged a campaign to deliver El Paso county to the Republicans. "If we can deliver the county to the Republicans it will be a great thing for us," said Mr. Knollenberg. "For the next administration will surely be Republican. I believe we can do this. It looks like an amalgamation of the Republicans and Bull Moosers and there should be a good vote in El Paso county. We will get the assistance of many Democrats on the border, for they are tired of Wilson's policies."

Makes German Blood Boil.

"The present administration has been such as to make my German blood boil. We don't seem to get together at all. I don't think, either, that anyone on the border approves of Wilson. We want a change of administration. It doesn't make much difference whether it is Teddy or Root, or any other man, so long as it's not Wilson."

Mr. Knollenberg urged that the Republicans of the county organize. Not to put out a local ticket, but to do something for the party nationally.

W. H. Case stated that in the election of 1912 in the county the vote of the Democrats was 2941, Progressives 299 and Republicans 291. "The combined vote of the Progressives and Republicans was 1929, and it would only have taken 972 to change the results," he stated. "Now, I believe, with proper effort, we can swing the county this year to the Republican."

Stay Out of Primaries.

J. A. Smith, expertmaster, urged that the Republicans of the county organize for Republican principles. "The best way you can do this," he declared, "is for you to stay away from the Democratic primaries. We can not build up an organization if you enter the Democratic primaries every year or two. Forget the ideas of political pig. Work for the principles for which you stand and have nothing to do with any other party."

Have Two Parties.

"I am in favor of a strong organization," said G. H. Vaughn. "Conditions in our city would be far healthier if the parties were more evenly divided as to numbers, and the same would be true of the state."

Mr. Vaughn called attention to the precinct primaries that are to be held on May 6 to elect delegates to the county convention, which meets three days later. The county committee, he stated, will elect delegates to the district convention which meets at Sweetwater, May 12.

Robert Krakauer declared that a good, clean, substantial political opposition would be a benefit to the city.

Raise \$1500.

"I believe we should raise \$1500 to \$2500," said Mr. Krakauer. "What would not be used for actual expenses could be used in employing a man to make a house to house and office to office canvass to enroll Republicans and secure from them subscriptions."

J. D. Hubbard urged the effecting of a strong organization. In this connection he declared that he would like to see a good county ticket put in the field.

Country Ticket.

"Why can't a ticket be put in the field?" asked Mr. Krakauer. "I don't suppose we could elect it, but it would do no harm and it might do some good."

"If half the things the two 'rings' are saying about each other are true we can win," added Mr. Hubbard.

PREPAREDNESS IS BIG THEME

New Mexico Republicans Declare Defence of U. S. is Major Consideration.

Albuquerque, N. M., April 26.—Preparedness stands out as the strongest of the issues endorsed in the resolutions passed by the Republican state convention here Tuesday night. It, with protection of Americans abroad, was declared the greatest issue which has confronted Americans since the civil war.

The resolutions stand for preservation of the safety of citizens of this country at all times, wherever they may be; for the Democratic foreign policies as "vaccinating, uncertain and ineffective" and as bringing the country into contempt abroad; for the protection of the country during the present administration has been the result of fortuitous circumstances; for a more direct, positive and earnest policy toward Mexico; and for reassertion of the faith of the party in Republican policies.

Senators Fall and Caira and congressmen Hernandez are commended for their "protection of the industries and interests of the nation, and especially those of New Mexico." They declare for "a strong man as president to carry out Republican policies."

Before adjourning, the convention set August 23 as the date for the convention to nominate the state ticket. Santa Fe already had been chosen as the place.

Nothing so delicious as Sulzberger's Mastic Ham and Bacon. "Deliciously Different"—prepared in your favorite way—Adv.

Tenement collections, see Lee Newman—Advertisement.
